

The Royal Ball

Max Entry Heat Grid

As we continue to grow year after year, we want to make sure that we give everyone the best possible experience. The Royal Ball is excited to introduce the Max Entry Heat Grid. This provides the max amount of entries a teacher can do in one day, to make sure that we can run a smooth and timely event.

Notes for the grid:
 Column "A" is the total number of heats available for each dance that a teacher may enter
 Column "B" is the total number of heats you are dancing with your students.

We thank you for participating in the Royal Ball and we look forward to seeing you and your students.
